Strong ability to handle multiple shipments simultaneously and communicating efficiently to the highest level via e-mail and telephone.

Airline booking and processing relevant import/export documentation including AWB's, CMR's and BOL's.

Submitting Import & Export Customs entries using ASM Sequoia.

Liaising effectively and building close relationships with our supply chain including shippers, importers, agents and clients to always deliver excellent customer service.

Quotations, pricing and invoicing clients.

ABOUT HWFS

A fantastic opportunity has arisen to work at HWFS, a successful and well-established freight forwarder, currently going through significant growth.

In March 2022, we moved to our larger warehouse in North Feltham Trading Estate which underwent extensive refurbishment to make it a modern, engaging property with an impressive break-out room. We are proud to say we only recruit the very best people to ensure we maintain a close knit and passionate team. HWFS offers genuine support from a dynamic group of hard working individuals with regular 3 month appraisals to support every member so they can achieve their potential.

HWFS specialises in time-sensitive cargo, predominantly in the aviation industry, where the highest levels of customer service are always required on a 24/7 basis. We always strive to go above and beyond in any given opportunity to show our clients that we appreciate their business and care about every shipment we organise. This ties in with our company's mission statement: **to earn the lifetime loyalty of our customers by delivering excellence in personal, reliable and efficient worldwide logistics.**
